MQP 11	Clinical Internship & Case Studies II	April 2018
MQP 12	Clinical Internship & Case Studies III	May 2018

### **Previous Experience**

Please explain your background in the healing arts.

\*Previous experience is not necessary, but it helps us to prepare for teaching.

### **Medical History**

Please give us an overview of your current health status. While the qigong exercises can be modified for many conditions, classes 4 through 12 do require long periods of standing and holding the body in a certain posture. Also, healing is generally directed through the hands, so it is crucial for the practitioner to be able to have the arms extended for long periods of time. If you are applying for entry into the certification program you will need to fill out a complete medical form upon acceptance.

**Deposit:** A non-refundable deposit of \$200 is required to secure your place in class. No refunds on deposits, however they may be applied towards other classes or transferred to another student. Balance is due on first day of class. Please retain a copy of this form for your records.
